

A Hmong Family Journey Between Two Worlds

A Hmong Family Journey Between

Conflict between the Hmong of southern China and newly arrived Han settlers increased during the 18th century under repressive economic and cultural reforms imposed by the Qing Dynasty. This led to armed conflict and large-scale migrations well into the late 19th century, the period during which many Hmong people emigrated to Southeast Asia. The migration process had begun as early as the late ...

The Hmong people are an ethnic group currently native to several countries, believed to have come from the Yangtze river basin area in southern China. The Hmong are known in China as the Miao which encompasses all the subgroups of Hmong. There is debate about usage of this term, especially amongst Hmong living in the West, as it is believed by some to be derogatory, although Hmong living in ...

Sleep is a vital indicator of overall health and well-being. We spend up to one-third of our lives asleep, and the overall state of our "sleep health" remains an essential question throughout our lifespan. Most of us know that getting a good night's sleep is important, but too few of us actually make those eight or so hours between the sheets a priority.

History and Ethnic Relations Emergence of the Nation. Many Vietnamese archeologists and historians assert that the origins of the Vietnamese people can be reliably traced back to at least the fifth or sixth millennium B.C. when tribal groups inhabited the western regions of the Red River delta. A seminal event in the solidification of Vietnamese identity occurred in 42 B.C.E. when China ...
