When our daughters were young, we tried a number of different math programs, without success. One approach was overly simplified. Another lacked review; when early concepts showed up on a test, one daughter had no recall of ever having learned them. We switched to a third curriculum, but it was so ...

You are certainly not alone. In the last 12 years, thousands of Ontario children have headed to a learning centre or private math tutor or have been taught by a parent or family member. Of course, this is wrong! We have elementary schools for a reason; one of the main reasons is the provision of a complete elementary education and thorough knowledge of the fundamentals of major disciplines.
