Now you need to disable power saving and sleep for all devices on the list such as your wireless adapter, display, hard drive, etc. After doing that, click Apply and OK.; This is a bit advanced solution since you'll have to manually find and disable power saving settings.

Full Fix: Windows 10 goes to sleep after 2 minutes
U.S. Office of Special Counsel (OSC) official agency web site. OSC protects federal employees and applicants from prohibited personnel practices, especially reprisal for whistleblowing. OSC also enforces the Hatch Act and protects the rights of federal employee military veterans and reservists under the Uniformed Services Employment and Reemployment Rights Act.
